Introspection is the examination of one's own conscious thoughts and feelings. In psychology, the process of introspection relies exclusively on observation of one's mental state, while in a spiritual context it may refer to the examination of one's soul. Introspection is closely related to human self-reflection and is contrasted with external observation.

Hallo, folks of world! Please to find herewith and enclosed the trailer - finally the trailer! - for The Hustle, the movie I directed, starring Anne Hathaway and Rebel Wilson as two reprobates in the South of France and written by the \*kisses fingers\* wonderhuman, Jac Schaeffer. The film itself will be several times longer than the trailer and somewhat clearer on narrative.

Affective forecasting (also known as hedonic forecasting, or the hedonic forecasting mechanism) is the prediction of one's affect (emotional state) in the future. As a process that influences preferences, decisions, and behavior, affective forecasting is studied by both psychologists and economists, with broad applications.

The message is simple: If you want to be my disciple then you'd better count the costs. It's an "all or nothing" proposition. If you're not ready to jump in with both feet, and stay with the journey until the very end, then perhaps its best to stay behind rather than suffer the embarrassment of starting out on the journey and having to turn back before you get to the end.
