### **Strata Terry Pratchett**

Strata is a science fiction novel by Terry Pratchett. Published in 1981, it is one of Pratchett's first novels and one of the few purely science fiction novels he has written, along with *The Dark Side of the Sun* and *The Nome Trilogy*.

### **Strata (novel) - Wikipedia**

Strata is another early foray that Pratchett took in to Science Fiction before he rested himself firmly in to the loving arms of Fantasy. My views on this one are similar to that of his other sci-fi novel, *The Dark Side of the Sun* in that it isn't necessarily a good novel, let alone a good sci-fi story. The joy of this one is of course, once again, the fact that it pre-empts the Discworld so ...

### **Strata - Terry Pratchett**

Terry Pratchett's *Strata*, is an early work, that stands on its own as a nice piece of science fiction. The characters are interesting and the plot line is clever. For me, the ending wasn't as crisp as you'd find in his more recent works, but the journey is worth the effort.
